Alexander Pfeiffer, who will be the main producer of this documentary (<http://www.pfeiffer-medien.at/>) is a big Malta fan and has already visited the island 16 times. As head of the Austria Music Community Band:Union, he has made contact with Malta's music community. Several bands like Beangrowers, Corkskrew, Bitterside, Ivan Filletti, Scream Daisy, and Wintermoods were featured on several Band:Union compilations. Some bands like Corkskrew, Beangrowers and Bitterside have also played live on stage in Austria, thanks to the Band:Union network.

Sponsoring:

To make this documentary possible, sponsors and partners are needed. Especially to cover the costs of reproduction. There are a lot of possibilities where sponsors and partners could be included in the documentary, together with the webpage and the BluRay / DVD Booklet, as some parts of the script are reserved for our partners.

Here you find a selection of pictures mostly shot by Alex Pfeiffer between 2002 and 2006.

Florian Mayer, singer and keyborder from the viennese based band blended wrote two "concepts" of songs for the movie. "Another dawn" [song | lyrics] is a wonderful song about the beauty of Malta, but also speaking about the environmental problems Malta has to face. "Something between us" [song | lyrics] is about the first encounter of two young people in St. Julians.
